Contour™ Square Cut 2051

PERIMETER FRAMED PIVOTING SHOWER SCREEN SYSTEM WITH FRAMELESS DOOR

Contour™ Square Cut 2051 features a rounded convex profile with protruding glazing fascia outer frame design

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Adjustment

Provides up to 15mm jamb adjustment for out-of-square walls for ease of installation and further cost savings.

Handle Selection

An extensive range of handles are available in your choice of powder coated and gold, satin or chrome plated finishes.

Magnetic Door Latch Mechanism

Contour™ Square Cut 2051 is also available with a specifically designed magnetic door location feature. The magnetic mechanism has no moving parts resulting in trouble free whisper quiet operation.

Frameless Patented Pivot Mechanism

Unique pivot design allows for a totally frameless door. Utilising a captive stainless steel top pivot pin, the Contour™ Square Cut 2051 Shower Screen System features a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble-free operation.

The 'lowering' effect of the design automatically reduces the gap between door and sill on door closure, which further assists with the minimisation of external splashing and improved water resistance.

Glass Specification

Designed specifically for use with 6mm toughened glass.

Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation, reducing the need for cleaning.

Square Cut Corner Stake Design

Square Cut Corner Stakes are designed to match the perimeter frame profile, providing rigid colour co-ordinated joining points in the screen structure.

Safety

Contour™ Square Cut 2051 Shower Screen System features a captive top pivot pin mechanism so the shower door cannot be dislodged. The Contour™ Square Cut 2051 Shower Screen System are glazed to comply with the requirements of Australian Standards AS2208 and AS1288

Design Flexibility

Contour™ Square Cut 2051 Shower Screen Systems can be designed for installation into most bathrooms. Ask your distributor for advice on a design to suit your needs.

Components

Component and design features combine to provide convenience and colour co-ordination.

- Snap Caps
- Patented Pivot Mechanism
- Anti-bacterial clear (i.e. frost) and colour matched glazing vinyl
- Pivot Clamp System

Water Resistance

Contour™ Square Cut 2051 can be specially made to include magnetic and/or non-magnetic seal closures, maximising water splash resistance so your bathroom remains drier and safer.
